

Policy Statement

Policy For Fluoride Mouthrinse

The position of the Tennessee Board of Dentistry is that the fluoride mouthrinse project as developed and implemented by the Department of Health is an exemption as defined in T.C.A. 63-5-109(10) (10), "Personnel involved in research or developmental projects, approved by the board, that are under the auspices and direction of a recognized educational institution or the department of health".

Adopted by the Board of Dentistry on the 12th day of May, 2005.
