## NEWBORN SCREENING EDUCATIONAL MATERIAL ORDER FORM

Enclosed are the Newborn Screening Pamphlets and/or Prenatal Fact Sheets you requested. Thank you for your cooperation in assisting the State of Tennessee by informing parents of the newborn screen. When you are ready to reorder, please fill in and fax (615) 262-6458 the form below.

Now that Tennessee screens for many disorders, not just PKU, please encourage your staff to refer to the screen as the Newborn Screening Test. Referring to the screen as the "PKU Test" has caused some confusion and concerns for both PCPs and parents.
