N 832 1200-8-6-30(2) Building Standards

(2) The condition of the physical plant and the overall nursing home environment must be developed and maintained in such a manner that the safety and well-being of residents are assured.

This Rule is not met as evidenced by: Based on observation during the survey, it was determined, the facility failed to maintain the overall nursing home environment.

The findings included:

1. Observation on 1/11/10 at 10:30 AM revealed resident room #201 had a broken door knob.

2. Observation on 1/11/10 at 1:20 PM within resident room 518 bathroom revealed the south-side (corridor-side wall) was damaged with a wheel chair.

3. Observation on 1/11/10 at 1:12 PM within the 400 Hall shower room revealed, the whirlpool drainage system was not hooked-up as such, the water drains on to the floor. Tennessee Department Of Health (TDOH) 1200-8-6-30(2).

The findings were verified by the Maintenance Director and acknowledged by the Facility Administrator during the exit interview on 1/11/10.
