Facility will assure negative air pressure is maintained in all soiled areas and positive air pressure maintained in all clean areas.

New exhaust fans have been ordered to be installed in:

- Room 24 toilet room
- Men's toilet room in Employee Break Room
- B Hall Janitor's closet
- Room 23 toilet room
- Room 17 toilet room
- Room 6 toilet room

by 1/19/12 by the Maintenance Director.

A log providing documentation that all exhaust fans are properly working was revised and is part of the monthly preventative maintenance program. The Maintenance Director is responsible for completing the preventative maintenance checklist. The Administrator will review the preventative log each month and present the findings to the Continual...
