

BOARD OF PROFESSIONAL COUNSELOR, MARITAL AND
LICENSURE, AND CLINICAL PASTORAL THERAPIST

POLICY STATEMENTS

When the Board met on December 29, 1997, they implemented a policy to help with the issuance of licensure by reciprocity for Licensed Professional Counselor with Mental Health Provider designation.

The Board felt as though they couldn't rightfully issue a license for reciprocity for Licensed Professional Counselor with Mental Health Service Provider. They felt as though this was an oversight and wanted to correct it. The policy was voted on with the understanding that rules would be drafted and a rulemaking hearing setup in the near future.

The rulemaking hearing was held on February 17, 1998 and the roll call vote is scheduled for the next Board meeting.
