Shelby	235	72	26.0	133,847
Davidson	746	268	30.8	111,356
Knox	277	102	34.5	84,708
Hamilton	210	70	28.5	49,029
Madison	255	88	33.4	17,720
Sullivan	301	100	30.6	28,502

¹ Number of respondents who answered YES.

² Weighted risk is the estimated percentage of adult population who have been told that their blood cholesterol is high.

³ Population at risk is the estimated population with high blood cholesterol based on the survey. Note: The sum of regional estimates in this column will not add up to statewide total due to incomplete coverage of all demographic groups in every region.
